

# THE WOLFTREE CHALLENGE

## AN AMAZING SCIENCE AND NATURE RACE

*INVOLVING THE COMMUNITY IN THE ADVENTURE OF OUTDOOR SCIENCE EDUCATION*

**MONDAY APRIL 19<sup>TH</sup> FROM 2 - 6 PM : CALL 541.549.1459 FOR MORE INFO**

### WHAT IS IT?

A great team building activity for five lucky businesses in the Sisters Community! The Wolfree challenge is a science and nature race meant to help educate the community about Wolfree as well as an opportunity for team building and community-wide recognition for the businesses selected to participate!

### HOW WILL IT WORK?

Each of the five teams will be made up of 4 people. They will meet at the **Sisters Chamber of Commerce** where they will be given a “provision pack” which will include a Wolfree water bottle for each member, a field journal for recording progress, a map and various other items to support them during the challenge. Each team member will also receive a hat and a t-shirt.

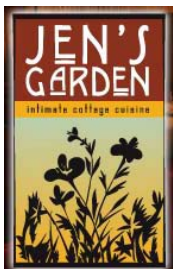

Stations will be set up in the Whychus/Metolius watersheds. Each team will visit the stations to finish a “nature challenge”. At each station they will have to perform various science experiments with points awarded by the site supervisors...*the kids from the Wolfree program!* There are no points for finishing first. The teams will have four hours to complete the race.

The last stop of the Wolfree Challenge will be at **our main sponsor Jen's Garden**, where participants will be treated to a 3 course Wine Dinner. At the dinner, each team will have to give a report on their race as well as defend their findings. (Is your team deserving of extra credit?) Awards will be decided by a team of judges and will be handed out at the end of the evening.

### RECOGNITION FOR YOUR BUSINESS

All Wolfree Challenge participants will receive (in addition to a fabulous dinner, their provision pack, t-shirts, and hats) a certificate of completion, mention in all pre and post publicity including advertising/news-stories before the race as well as a *Thank You Ad* in the Nugget after the race.

**COST: \$500 PER TEAM**
